WALL COVERINGS

CONTRACT WALLCOVERINGS

Our range of contract wallcovering lines are especially developed for the contract market. The luxurious and extremely durable vinyl meets the most stringent technical requirements, such as fire resistance, shock resistance and wash ability.

HAND PAINTING WALLCOVERINGS

Our range of hand painted wallcoverings are mostly inspired by Chinese tradition of hand-stitching and hand-painting dates back over 1,500 years, beginning with Ming Dynasty. These bespoke wallcoverings are made by using a traditional lamination method, a handmade paper backing or naturally dyed silks in several colors and finishes.

RESIDENTIAL WALLCOVERINGS

Our range of residential wallcoverings are carefully selected from the best supplier of wallcoverings internationally. Understanding the varying tastes of our customers over the years led us evolve in trends of the industry and provide the highest quality and variety of wallcoverings for residential projects.

DIGITAL PRINTED WALLCOVERINGS

Our range of bespoke solution of digital printed wallcoverings varied form aesthetics to scale, the possibilities are endless and we will be there to guide you through the process. With seamless and floor-to-ceiling options, digitally printed wallcovering brings a powerful presence to any space.

ACOUSTIC WALLCOVERINGS

Our range of acoustic wallcoverings are positive influence on the acoustics in the room. This is not only an advantage for the comfort but also for the application possibilities. Acoustics wallcoverings comes with Harmonious patterns that match the spirit of the times and offers colors that can find a place in a any interior.

TEXTILE WALLCOVERINGS

Our range of textile wallcovering lines are rich and diverse for both residential and commercial projects. All the references are carefully selected from exquisite fabrics with vast color spectrum. Compositions varies from cotton and linen to silk and Xorel. Extensive range of colors are from bold bright to pared-back neutrals.

ANTI-BACTERIAL WALLCOVERINGS

Our range of antibacterial wallcoverings are breathable, durable, and withstands cleaning. These reference of wallpapers are ideal for health facilities by virtue of its antibacterial properties and its high tolerance for cleaning, even with disinfectants. Anti-bacterial wall coverings are dimensionally stable even under dry or damp conditions.

NATURE WOVEN WALLCOVERINGS

Our range of natural woven wallcoverings would bring an essence of nature indoors with our Natural Woven wallcoverings. From hand-knotted abaca to painted honeysuckle vines, our woven wallcoverings celebrate organic textures and revel in color variations that could only come from mother nature.

OUTDOOR FABRICS

Our range of upholstery fabrics offers a huge array of printed, plain and textured fabrics for upholstery. From modern and utterly versatile, our plains and textures work perfectly in their own rights, as well as coordinating with any of our printed upholstery fabrics. From myriad of colors to neutral and naturals of every hue and tone all are suitable for residential and hospitality projects.

Our range of Fire Retardant Fabrics is a great choice for procurers, designers and architects around the world demanding a guarantee that the fabric they are using meets the highest Flame-Retardant standards in force globally. Every new dye-batch, every new production of our FR fabrics is continuously controlled for its Inherent FR nature.

Our range of Leed fabrics are indicated by green symbol. These ranges of textiles not only meet strict performance standards but are also composed of at least 90% sustainable fibers in the categories of recycled fabrics, rapidly renewable and cradle to cradle program. Leed Fabrics are without any additional backings or chemical finishes.

Our range of Antibacterial fabrics are treated with a special finish offering an additional protection against bacteria, viruses, and mold. Such fabrics may find purpose in all sorts of applications, including both indoor and outdoor environments, in hospitals and in homes. Choosing fabrics that allow water to run off its surface will help to prevent mold and mildew.

Our range of Marine fabrics is known for their quality, durability and for comfort. Ultimate UV protection, fade resistance, mold and mildew resistance and cleanability is why our marine fabric range have been a trusted choice of boat enthusiasts, marine boat manufacturers and fabricators. We offer a comprehensive solution for boat and Yacht protection projects.

Our wide range of Sheer are high quality drapery fabrics made especially for beautiful curtains. Drapery sheers are usually made of polyester or a poly cotton blend, but we also carry elegant linen sheer drapery fabrics. Sheer draperies are not just to add a glamorous look but also it allows you to let in sunlight while allowing a certain amount of privacy.

Our range of Outdoor fabrics must resist ultraviolet disintegration, sustain the condensation and humidity, remain constantly colorfast to prolonged exposure, and resist the growth of bacteria and fungus. Our variety of outdoor fabrics serves modest balcony or spacious backyard and transforms your outdoor space with to your very own oasis.

LEATHER

GENUINE LEATHERS

Our range of genuine leathers hides are big, beautiful, and strong with a durable protective finish. Crafted for performance and readily accessible. This references are all reliable leather for residential and all high-traffic areas. It's perfect for large hospitality and contract projects. finishes and color variety is what make our range interesting and we would accept to make custom to match your vision.

SUEDE AND NUBUCK

Our range of suede leathers comes both in genuine and manmade quality. Both finishes are heavy duty and can be used for upholstery and any sort interior application. We have a huge range of genuine suede leathers available in various finishes, thicknesses and colors which is dependent on the type of animal hide used. Our Light Suede fabric is not as heavy, but this micro suede looks and feels great and light.

POLYURETHANE LEATHER

Our range of polyurethane or Faux Leather are designed to be appreciated for their own merits and not simply as an imitation of leather. Our ranges embody a beautiful array of styles. Whether quilted, woven, embroidered, printed, or presented in any other variety of way, their range of colors and hands make them at home in any luxurious interior environment.

PU LEATHER

Our range of PU leather are artificial leather materials made with split leather which has been coated with polyurethane and then applied to the surface of the furniture. Such references might be difficult to tell the difference between PU leather and genuine leather, after a few years you're sure to notice which is the inferior product. PU Leathers are available in a range of rich, vibrant colors that exude modern elegance.

EMBOSSED LEATHER

Our range of Embossed leather are leathers that has been stamped using heat and high pressure to create a pattern or design in the hide. The variety is tremendous ranging from geometrical pattern, stripes, alligator, crocodile, ostrich, flowers, geometric and Indian designs, to name just a few. Embossed leathers are available in a range of rich, vibrant colors that exude modern elegance to any interior.

OUTDOOR LEATHER

Our range of outdoor leathers are Chrome tanned and drum dyed with anilines that are resistant to washing. These type of leathers are washed at 60 degrees centigrade. The process continues by the surface of these leathers to be dyed with pigments that are resistant to atmospheric conditions. The result is an antimicrobial water resistant leather that is suitable for outdoor and marine use.

EXOTIC LEATHER

Our range of exotic leathers are expertly embossed with boldly reimagines of Animal hides. Such references are best to be used from executive offices to libraries, dressing rooms and more. Our exotic range are from European full grain vegetable-tanned aniline-dyed cowhide. They are all coming with durable protective finish.

HAIR ON HIDE

Our range of hair on hide leathers adds a touch of the exotic to any room with the luxury of real fur and genuine leather. The hair-on-hide leathers are supple and soft, with a texture that begs to be touched. Designed in Italy on hides averaging 50 square feet, it is available in a range of rich, vibrant colors that exude modern elegance. These hides can be easily upholstered or make a great leather hide rug.

PLAIN

Our range of plain rugs are carefully selected from masters of producers internationally. The plain rug ranges comes in numerous texture, pile height with bold and bright to the soft and muted, each design has been thoughtfully considered and can complement any interior. These type of carpets are Hand knotted, hand tufted or machine made. The fibers and yarns are mostly wool, silk, Nylon, polypropylene, polyester and acrylic.

PATTERNED

Our range of Patterned carpets offers a huge array of colors, from myriad to neutral and every hue and tone that are suitable for residential and hospitality projects. The prints, textures and compositions characterizes every brand we supply at SQUSITO. As a leader in soft furnishing studio with modern aesthetic product range, our company constantly pushes the boundaries of by collecting rug suppliers to achieve an originality that is both beautiful and functional. Our collection contains timeless and innovative designs.

HANDWOVEN

Our range of rugs comes both in handwoven and knotted pile carpets. Handwoven are carpets have their pile injected into a backing material, which is itself then bonded to a secondary backing made of a woven hessian weave or a manmade alternative to provide stability. Our range of Knotted pile carpet are structural weft threads alternate with a supplementary weft that rises at right angles to the surface of the weave. These type of carpets comes in plain, floral modern and traditional designs to more geometrical patterns.

OUTDOOR

Our range of outdoor rugs are carefully selected from well-known suppliers internationally. These set of rugs are mostly made by Bamboo, sisal, hemp, jute, and seagrass. The composition of outdoor rugs are from natural fibers and inherently eco-friendly for the sustainable materials. Natural rugs feel soft and luxurious underfoot and, though they dye well, often are used to bring in hues and textures that complement the outdoor space. Durability and resistance to fading, mildew, and mold are essential in this type of rugs.
