

## Shimaa Sliem Abd El Zaher Shaban

### Mechanical Engineer

📍 Qena, El Omali City, Egypt

☎ 01026424659 - 01020087126

✉ gshimaa.com@gmail.com

### Professional Summary

Dedicated Mechanical Engineer with experience in firefighting systems design, technical office tasks, and training in various mechanical engineering sectors. Skilled in AutoCAD, Fire Elite Software, and Microsoft Office, with a strong foundation in mechanical system analysis and design.

### Work Experience

#### Technical Office Engineer

SEVIC for Integrated Engineering Consultations | Qena, Egypt

May 2020 – Present

- Designing firefighting systems for various projects.
- Conducting online courses for firefighting system designs.

#### Mechanical Engineer

El Wataniya Company | Assuit, Egypt

September 2021 – December 2022

- Designed and implemented mechanical systems for diverse construction projects.

#### Trainee Engineer

El Salam Company for General Construction | Qena, Egypt

August 2020 – September 2020

- Gained practical knowledge in mechanical systems in construction projects.

#### Trainee Engineer

Hydro Plants Generation Training Center | Aswan, Egypt

July 2019 – August 2019

- Acquired experience in hydroelectric power systems.

### **Trainee Engineer**

Gas Power Station | Magawish Village, Hurghada, Egypt

July 2018 – August 2018

- Learned the fundamentals of gas power station operations.

### **Trainee Engineer**

El Salhiya Water Company | Qena, Egypt

August 2018 – September 2018

- Worked on water treatment and distribution systems.

### **Education**

Bachelor's Degree in Mechanical Engineering

South Valley University | Qena, Egypt

Graduation Project: Designing firefighting systems for the Faculty of Education at South Valley University.

### **Skills**

- Technical Tools: AutoCAD, Fire Elite Software, Solidwork, Microsoft Office Suite
- Languages:
  - Arabic: Native
  - English: Very Good
  - French: Beginner
