## ABOUT US

**GH is a brand of interior products.**

Our goal is to offer consumers a range of stylistically balanced, logical, modern interior furnishings at prices and quality levels that make them accessible to as many people as possible to own them.

The Geometry Home brand offers customers a complete cycle of furniture creation, ranging from built-in case furniture to cushioned furnishings and interior items.

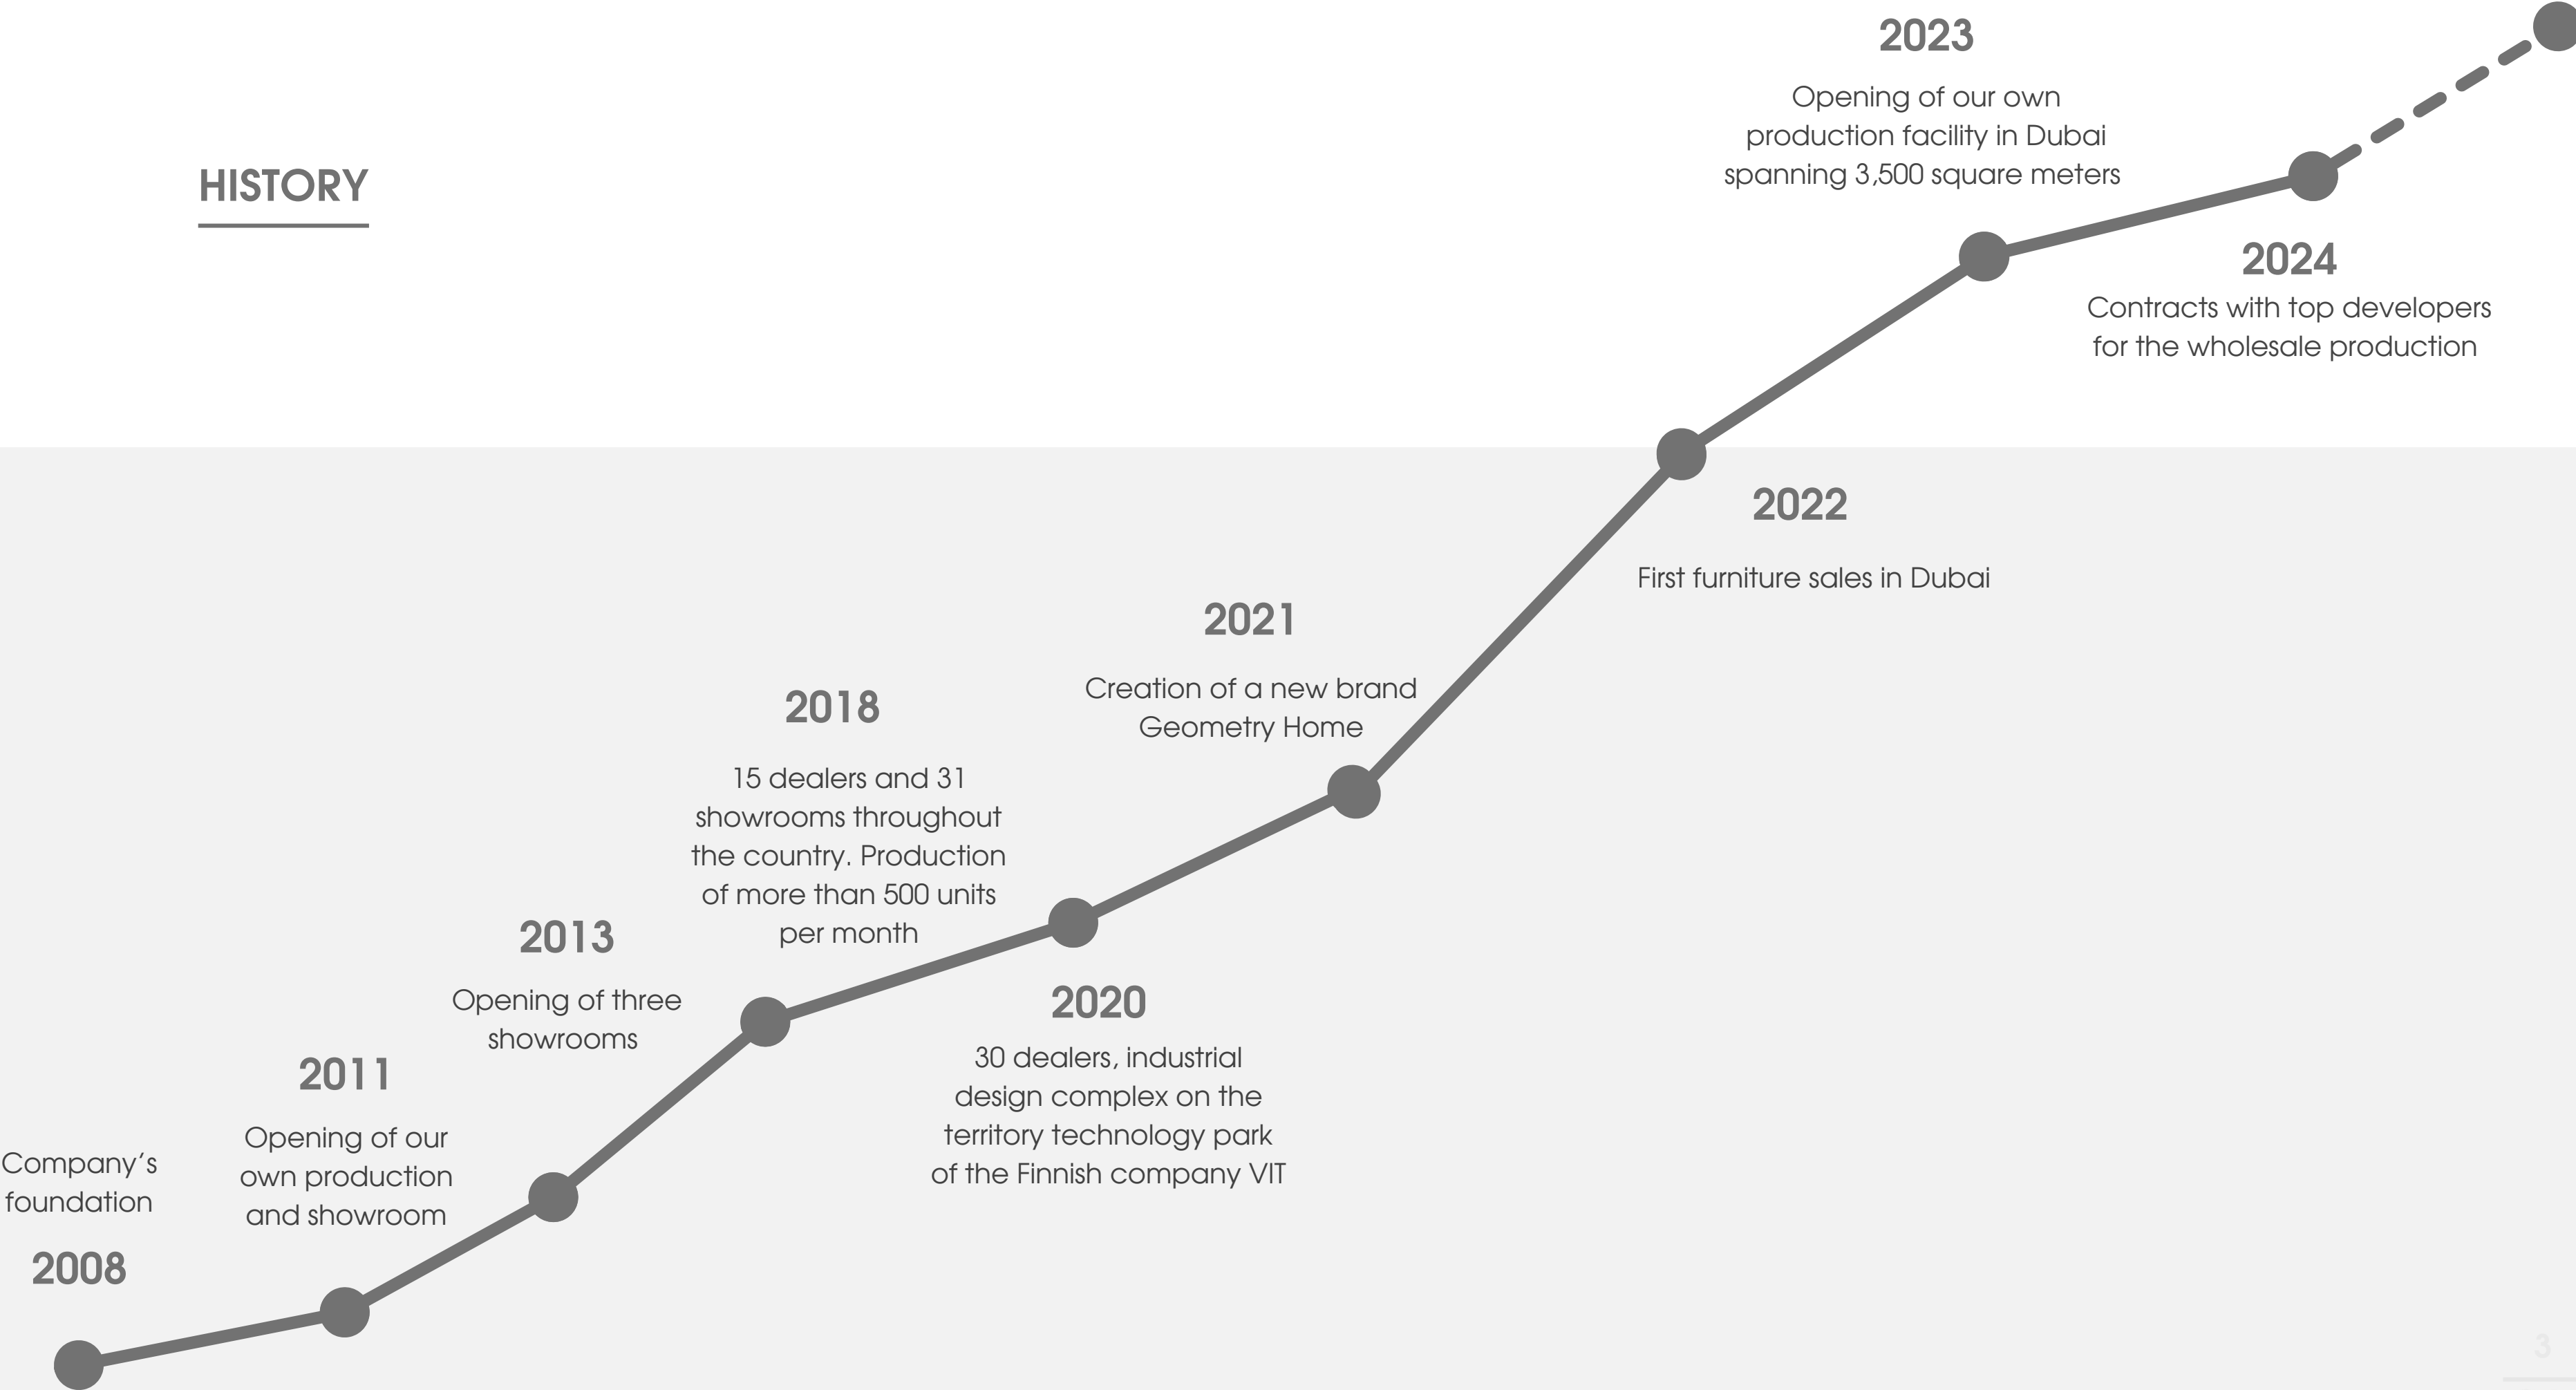

## HISTORY

The company was initially established as a trading company specializing in cushioned furniture

By 2011, shortly after starting sales, the company shifted its focus to both trade and production. Its own production facility was opened, enabling the formation of a demanded assortment, reduction of prices, and achievement of stable product quality.

**HISTORY**

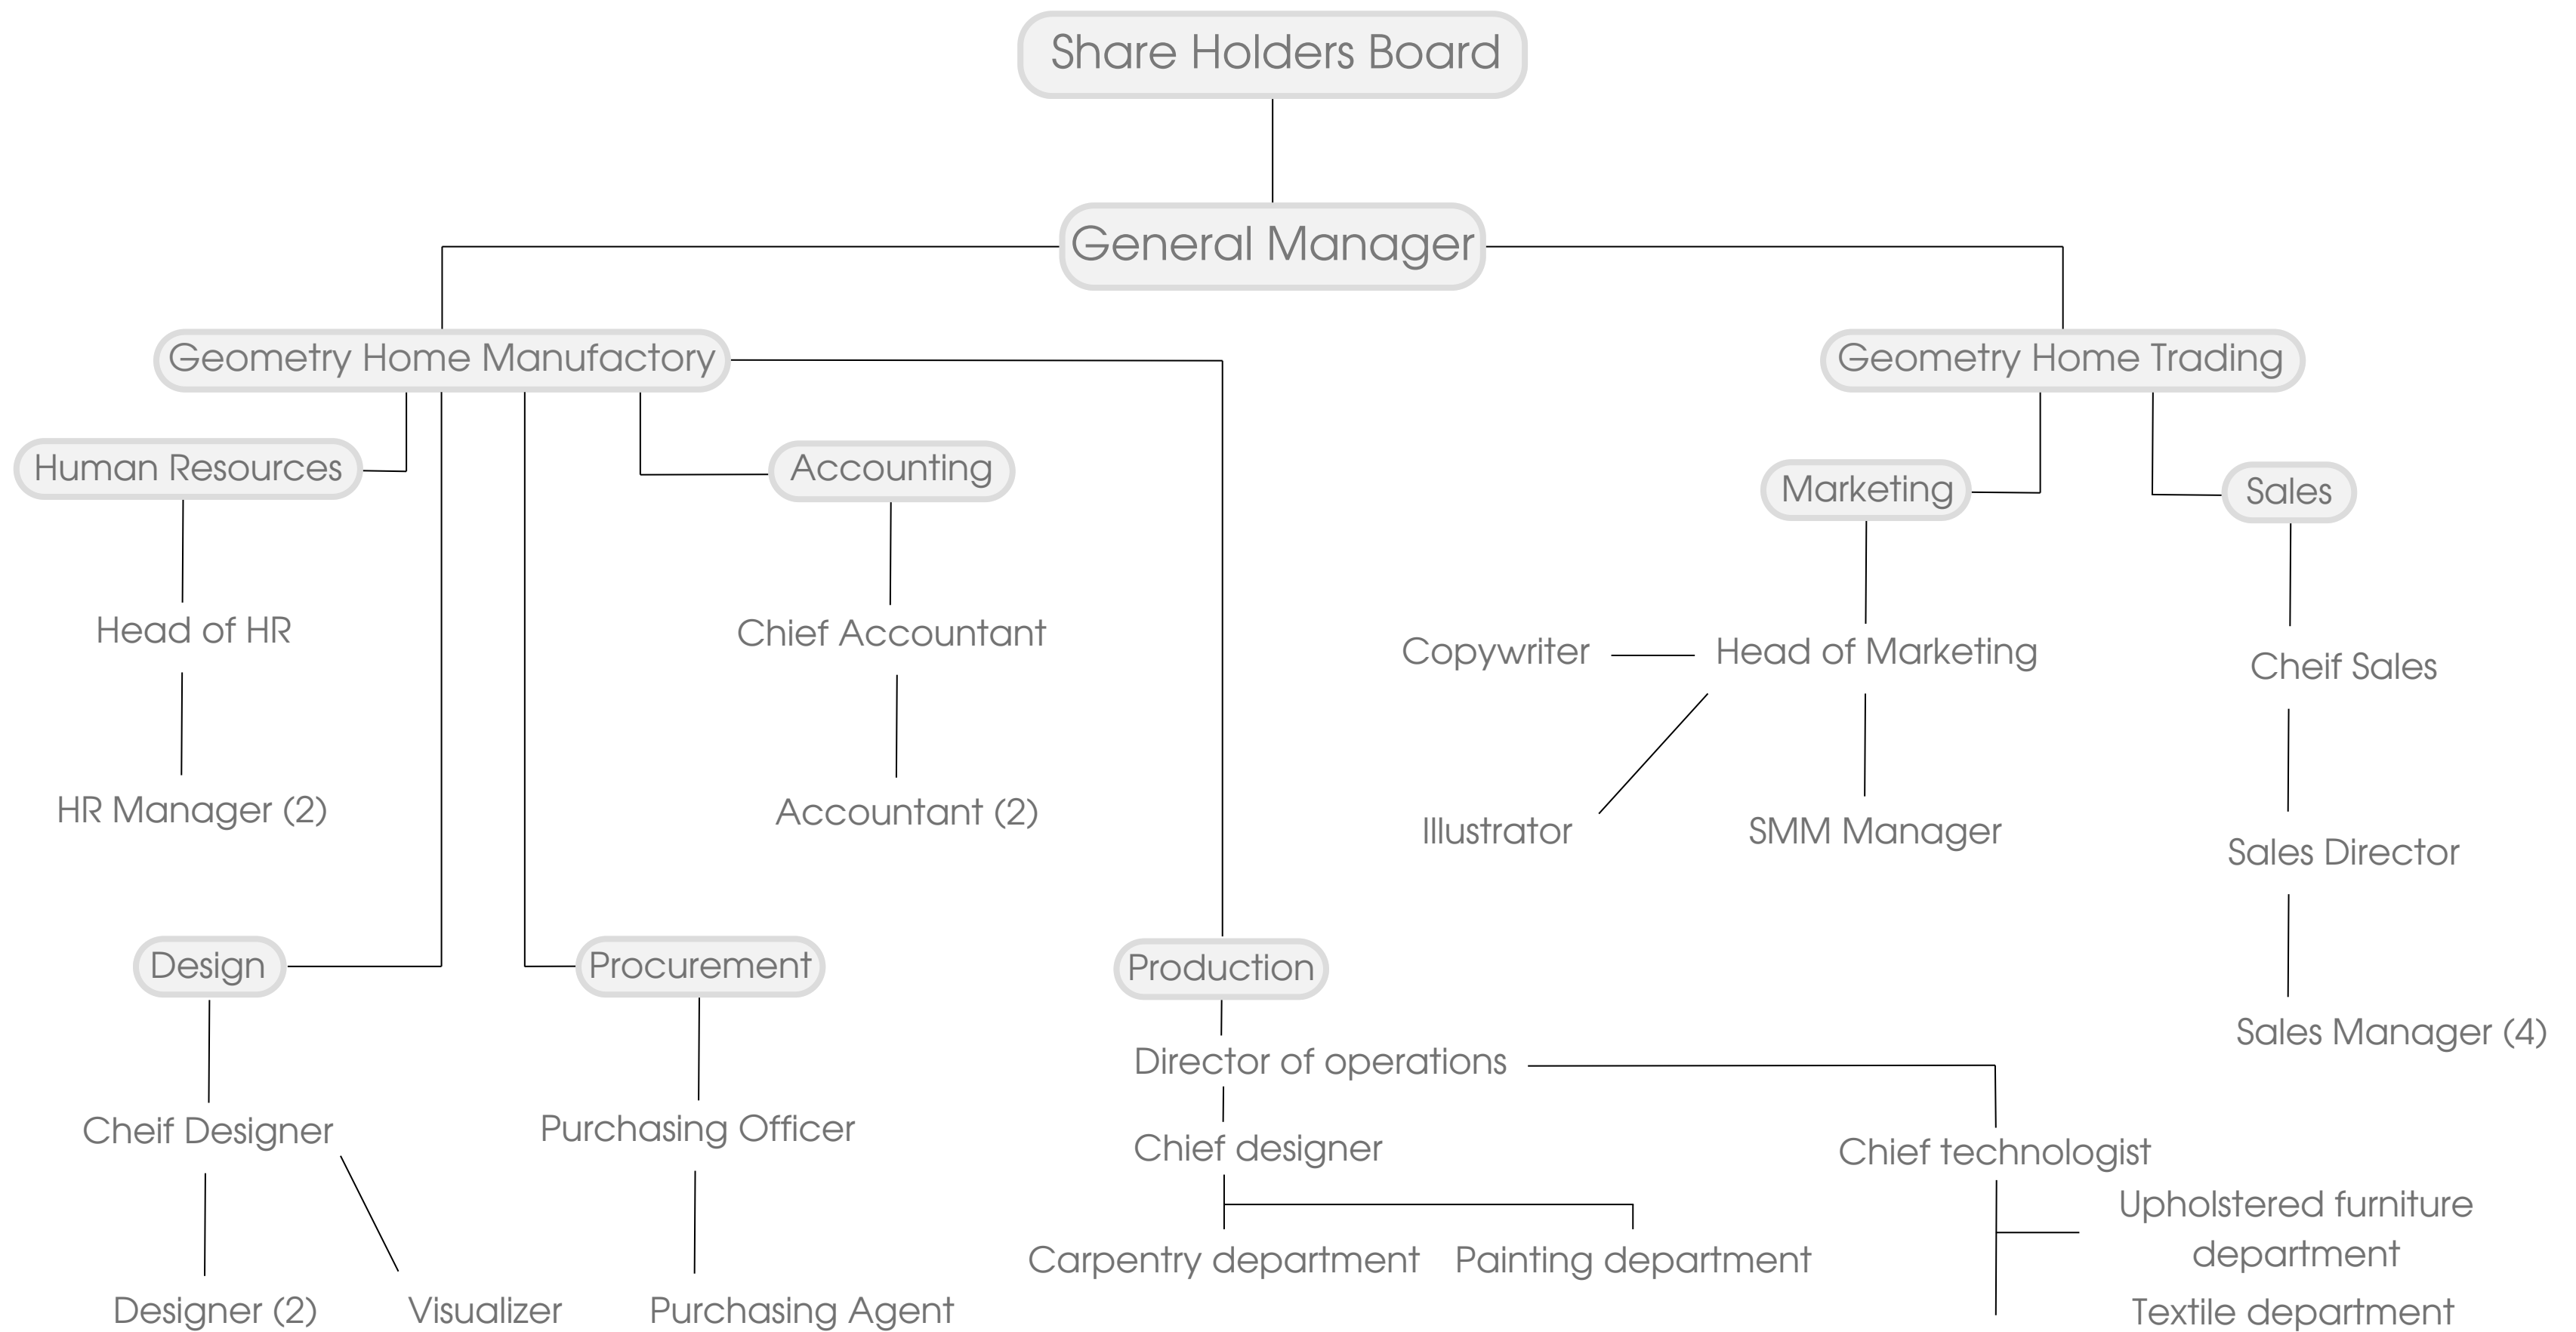

## HISTORY

In 2021, the company became the founder of the GH brand, whose mission is to provide a full range of interior products

In 2023, the company opened its own production facility for cushioned and cabinet furniture in Dubai.

By 2024, the company had already secured 7 contracts with major developers for wholesale furniture production for new construction projects.

\*As of 31.07.2024, we have 26 laborers under company visas and 24 in the process of obtaining labor contracts.

## FACTORY

**Geometry Home furniture is designed and manufactured in Dubai.**

Our production facility, spanning 3500 square meters, employs over 120 staff members of various qualifications. Among them, our team includes department managers and leading specialists who have received education from top universities in the USA, Canada, and Germany.

In our production, we utilize state-of-the-art machinery from leading manufacturers, such as Italian company SCH and German company Kuper.

For product implementation, we exclusively use high-quality eco-friendly materials and technologies to ensure the durability and reliability of each item.

## PRODUCTS

---

Our company manufactures high-quality furniture in large volumes and offers unique terms for developer companies.

We can furnish the entire area of residential, commercial, and hotel properties with soft and upholstered furniture, including wall panels.

## TECHNOLOGIES

---

Our technical capabilities are constantly expanding. The use of modern software and technologies ensures the efficiency of product development and modeling for the company.

We employ computer-aided design systems and applications for volumetric modeling, conduct prototyping, and continuously explore innovations in materials and technologies on the market.

By staying ahead of consumer demands and embracing emerging technological advancements, we enhance product properties and strengthen our ability to offer the market a unique proposition
