ROYAL JOINERY

Introduction

Royal joinery has established itself as one of the top leading companies in UAE, by providing total interior design and solutions consistent with the highest standard of material and fit-out contracting quality.

Royal Joinery was established in order to manufacture doors, kitchens, wardrobes, cladding and hotel furniture on a large scale. Furthermore, the Company produces wide floorboards in a variety of lengths and finishes as well as parquet.

Royal Joinery was established on 06th August 2008 under the head company united al saker group L.L.C with a license to operate commercial activities for Carpentry Shop, Doors and Windows Installation and Onshore & Offshore Oil & Gas Fields and Facilities Services.

Royal Joinery is a mass production Company that is geared to deal with each project, regardless of size, with specific goals in mind.

The first goal is to ensure that the Client is given the highest quality at the best price. Royal Joinery protects the Client's design without compromising the integrity of the product and has the resources necessary to secure the best raw materials for the job-at-hand.
The Company Policy guarantees the accurate delivery dates and respect for deadlines. Royal Joinery also has the unique capability of re-designing different items for a Client in order to achieve the look the Client wants and a price that is suitable for their budget.

To accomplish this, Royal Joinery has acquired the latest technology available in wood industry.

In its state-of-the-art factory, all machines are German & Italy made to guarantee a precise manufacturing process, thus ensuring high quality, as well as consistency in both cost and rate of production.

Mission

"As a leading Interior Manufacturer having the huge capicity and qualified resources . Royal Joinery Management and Employees are confident in executing products from Design to Handing Over, with a consistent quality level that will meet and exceeds the Client's expectations."

Vision

"Royal Joinery is committed to becoming one of the market leaders in the UAE, GCC and Middle East in delivering high quality Turnkey Interior Solutions on time at competitive prices."

GENERAL
MANAGER

GENERAL MANAGER MESSAGE...

The Royal Joinery Factory is proud of presenting itself as a dynamic organization with built on valuable resources such as intensive hard work, experience and creativity. We are committed to delivering unmatched superior integrated services to both Commercial and Private Clients all over the UAE.

Our reputation is focused on our ability to listen, understand our clients and translate their needs and requirements into innovative solutions. It is our cemented principle not to compromise on the quality of our outputs, while continuously exceeding benchmarks in productivity and efficiency levels in order to reach a Competitive Advantage that overweighs other market competitors.

The Royal Joinery Factory has stamped its mark of Excellence on a wide range of projects from Palaces, Villas, Luxury Hotels, Corporate Houses, Buildings, Apartments, Restaurants, Government Buildings, Residential Buildings, Commercial Buildings, Stores, Office Buildings and any other Establishments.

The Royal Joinery manufacturing facility is fully equipped with state-of-the-art work environment and machineries as well as superior workmanship to ensure the finest range of furniture that compliments classy lifestyles. Whether it is customized designs or creative freedom, we study each project independently through our experience and expertise to conceive and create customer's satisfaction and specific solutions. From first sketches to finished products, our philosophy is to introduce unique combinations of style, comfort, and functionality, classical, contemporary or futuristic in every design. We strive to meet the unarticulated needs of our customers.

We intend to grow as a top Joinery Factory in the near future to become one of the market pioneers in the industry in the UAE and the Middle East in the next decade. "We guarantee the Royal Touch in everything we deliver"

FURNITURE

Factory Facilities

Royal Joinery currently focuses on the manufacture of mass produces wooden furniture in two clearly demarcated areas;

1. Custom designed and standard ranges of wooden case goods, upholstered furniture for hotels, fit-out, joinery, kitchen, special finishes

2. Standard products

With a total built-up area of 25,000 m2 & 10,000 m2 of indoor storage facilities, with more than hundreds of workforces along with our experienced executive staff. The factory is equipped with new technology machinery especially suitable to produce hardwood and panel wood. In addition to specialized machinery for finishing works such as veneer. The factory is also equipped with special sealed areas for painting in order to ensure high quality of painting finish.

Royal Wood Factory employs specialists in the field of carpentry works. Backed up with an engineering department where all manufacturing details are produced by a team of engineers. The management of the factory is focused on the production of high-quality wooden works to the highest standard of the industry while respecting time and delivery programs. Royal Wood Factory is currently working on meeting the strictest criteria requested whether on design, build or both, for various projects with different consultants and contractors in the Emirates, aiming to achieve the overall vision that customer's satisfaction is behind everything we do.

FACTORY FACILITIES

2. COMPANY RESOURCES OBJECTIVES &CAPABILITIES

Strategic Business, & Values

Customer Excellence

- Focuses on retaining loyal customers and excellent customer services.

Control Process

Internal Controlling Procedures

We make sure that our Company adhere Internal Quality.

Audit

ISO 9001:2008 by controlling and improving Assets, A/P, A/R, Cash, Checks, Financial Reporting, Job Costing, Marketing/Customers, Data Integrity, Payroll and HR, Project Management, Purchasing, Receiving and Warehousing, Safety, Sales and Estimating, Retail, the Control Environment, Control Activities, Risk Assessment, Information and Communications, and Control Monitoring.

Product Control

Ensuring the conformity of the requirements from Client, as per specifications and shop drawings. We deal with the assurance of stable production and the acquisition of product characteristics.

Document Control Process

Before commencing the production process and installation of materials, our Engineering Team to obtain first the approvals from the Consultant/Client of the following:

- Subcontractor's Approval
- Material Submittal
- Sample
- Method Statement
- Shop Drawings

Our production team in coordination with project and engineering teams ensures a good' complete compliance level with regard to technical specifications.

Control of Suppliers

We are very strict in terms of receiving raw products and other materials delivered by suppliers. It will be done through the process of evaluation by checking the supplier's background technically and financial capabilities. We focus on the quality of delivered materials, delivery time, and adequate supplies.

Control of Customer Complaints

We make sure that all complaints will be recorded and immediately inform the concerned Project Manager or Coordinator to check, investigate, analyze, discuss and take the necessary action/s to be done in resolving the subject issue/s through proper procedures. The customer will be notified in writing, all complaints received, investigation reports and corrective actions taken in full detail.

Occupational Safety and Health Policy

Royal Wood Factory is committed towards the protection of Health, Safety and Welfare of its employees, assets and environment related to our services and thus recognizes Health and Safety as an integral part of its business performance. We are committed to go beyond compliance with local regulations to meet or exceed internationally accepted good practices in Health and Safety Management.

Royal Wood Factory believe that outstanding OSH performance at Royal Wood Factory can be achieved by continual improvement and by ensuring:

- Concerned Department is committed for setting, monitoring and reviewing OSH targets and objectives and strives to achieve by the provision of appropriate OSH resources,
- Our services are confirming to the highest Quality that exceed our customers' satisfaction with the OSH standards with optimum use of resources and employing processes; materials and products that avoid; reduce or control pollution for a sustainable living,
- Be committed to prevention of injury and ill health of employees; public; contractors and visitors and to prevent the environmental pollution,
- To comply with all OSH-Legal and regulatory requirements including OSHAD SF, Industrial Development Bureau (IDB) OSH specific requirements and other requirements identified/applicable to our operational activities.
- To identify workplace hazards to provide a system of OSH Risk Management.
- Effective Training, Education, Communication and Involvement of our employees on OSH matters.
- OSH policy will be reviewed, revised to meet ever changing needs and expectations of all the stakeholders, at least during management review meetings and communicated accordingly
- Communication with customers, suppliers, regulatory authorities and other interested parties to promote positive OSH culture.
- We ensure to provide and enhance employees' health and well-being.

Our employees as well as partners including contractors & their employees will always comply with our OSH Policy, Procedures and Work Instructions.

Royal Wood Factory is committed for a continual improvement in our performance of OSH Management System; and ensure that all our business operations remain relevant, appropriate and compliant to the requirements and standards.

QUALITY, HEALTH, SAFETY AND ENVIRONMENT (QHSE) POLICY STATEMENT

INTEGRATED MANAGEMENT SYSTEM (ISO 9001:2015, ISO 14001:2015, ISO 45001:2018)

ROYAL JOINERY is one of the leading provider of doors and windows products, installation, carpentry and related works in the UAE. We are committed to meeting or exceeding customer satisfaction by bringing superior **Quality** and Punctual Delivery of our products, services and projects; and to continuously develop effective and efficient strategies to improve the quality of our products and services.

ROYAL JOINERY is further committed to uphold high standards of **Health, Safety and Environment** in the delivery of our products and services. We accept the moral and legal obligations of promoting and protecting the Safety and Well-being of all individuals involved in our operations; and to conduct our activities in such a manner that safeguards the natural environment, minimize negative impacts and contribute to pollution control.

In order to achieve these commitment, Royal Joinery established, implements and maintains an effective Integrated Management System (IMS) complying with ISO 9001:2015, ISO 14001:2015 and ISO 45001:2015 standards; and related statutory, regulatory and clients' requirements. We are committed to:

- Establish and achieve measurable objectives and plans;
- Identify, control and review internal and external issues, risks and opportunities affecting Quality and HSE performance;
- Meet customer needs and their satisfaction;
- Implement effective quality assurance and control of our products;
- Prevent incidents, injuries and ill-health in the workplace;
- Identify hazards and aspects; assess risks and impacts and control them to levels as low as practicable;
- Conserve consumption of paper, electricity, fuel and water; and reduce waste generation and emissions;
- Set organized plans to manage potential emergency situations;
- Define clear roles, responsibilities, authority and accountability for Quality and HSE performance;
- Allocate and manage resources including human resources, infrastructure and safe working environment;
- Ensure that acquired products and services from external providers are meeting quality requirements, safe and reliable to use;
- Ensure that appropriate training, supervision, information, communication, participation, consultation and resources are provided to all employees and stakeholders;
- Maintain and retain documented information of Quality and HSE performance;
- Measure, Analyze and Improve the IMS through Performance Monitoring, Measurement and Analysis, Customer Complaint Handling and Satisfaction Survey, Internal Audit, Management Review Meeting, Incident Investigation and Reporting, and Control of Non-conformances.

The **Top Management of ROYAL JOINERY** is further committed toward continual improvement of the IMS. This policy shall be communicated to all employees and stakeholders; and reviewed regularly to keep it relevant and up to date.

Rev. 03

Environmental Policy

Timber

- The Company's production processes are carefully planned and closely monitored, and the aim is to improve on the present high standards as equipment becomes due for replacement.
- Timber materials were normally purchased from certified suppliers. We are very conscious in ordering raw materials especially if the product is derived from sustainable forest.

Waste Disposals

- Factory waste is being processed through Government Waste Disposable Standards and Procedures.
- We adhere to follow proper waste disposal system and environmental policies to ensure the Government's Policies in this regard are being followed.

Solvent/Chemical Emissions

- Solvent and other product use is treated as a separate category in detailed inventory procedures because the nature of this area source requires a somewhat different approach to emissions estimation.
- Proper handling and storage are what we strictly implemented to avoid any harm or environmental damages.

Training

Our company ensures continuously participating in training programs at various levels and depending on the specific area of requirements. We enhance our entire team by letting them participate any training/s as may require for skill & career development. All employees from production team are obliged to conduct specific training/s based on their duties.

We categorized training into different aspects as follows:

- Technical or Technology Training
- Quality Training
- Safety Training
- Managerial Training
- Skills Training
- Soft Skills Training
- Team Building

Information Technology System

To enable us to expedite daily works, we use our IT resources like computers, storage, and networking and other physical devices, infrastructure and processes to create, process, store, secure and exchange all forms of electronic data, software such as AutoCAD for Engineering design and drawings, Oracle, Servers and other to run the business application.

We also have computerized procurement and estimation system. We have IT experts always on duty to monitor the smooth flow of the IT system.

Quality Control Checklist

Wardrobe Cabinets	RFW NO:
Quality Control Check Sheet	
Location/Area	

SN	Activities/Items To Be Inspected	QC		
		RJ	Main Contractor	Remarks
A	Pre-fabrication Stage			
1	Quality of materials			
2	Texture / Surface and edges to be checked as per tolerable limit of acceptance			
3	Moisture content of timber to be checked as per kiln drying of wood (Acceptable limit AV 12%)			
4	Thickness / Color / Grain structure and surface			
B	Post-Fabrication Stage			
5	To check matching color / surface of shutter edge			
6	To check roughness / smoothness / sanding quality of finished woodensurface (for edge of the shutter kitchen/vanity)			
7	To check grain structure of veneer finished surface after polishing			
8	To check uniformity on sizes of material as per tolerablimit of acceptanc or not			
C	Post-Installation Stage			
10	Square ness of Wardrobe Area			
14	Door frame rebate size frame and leaves are flush to each other after closing

Dear Sirs,

Ref: New Administration Building for FERTIL at Ruwais
Project No. 6030 – Agreement No. 116030C1.

Sub: Subcontract Agreement No. SC-1685/08/2012
dated 25.07.2012 for Joinery Works.

Reference your Subcontract Agreement No. SC-1685/08/2012 dated 25.07.2012 for Joinery Works and further to your Material Submittal MAR No. C0107 Rev.02 dated 21.11.2012 for Wooden Doors (Fire Rated & non Fire Rated), please find the below mentioned comments received from ADNOC, for your reference.

Comments by ADNOC:

1. Approval is subject to M/s. Royal undertaking letter to obtain the civil defense acceptance.
2. Prepare mock up for final approval.

Hence, you are requested to prepare reply to the COMPANY comments, incorporate the changes required by COMPANY and resubmit all relevant documents immediately for onward submission to COMPANY, for their review.

Moreover, you are requested to depute your representative to the site and arrange a mock-up as per the approved material submittals and shop drawings for obtaining the final approval from the Client. You are requested to contact with Mr. Sriramu (050-6169571) or Mr. Raj Kumar (055-9230833) in this regard.

This is for your information and urgent necessary action.

Corrections or comments made relative to submittals during this review do not relieve the contractor from compliance with the requirements of the drawings and specifications. This check is only for review of general conformance with the design concept of the project and general compliance with the information given in the contract documents. The contractor is responsible for confirming and correlating all quantities and dimensions selecting fabrication processes and techniques of construction; coordinating his work with that of other trades, and performing his work in a safe and satisfactory manner.

UNDERTAKING LETTER ON PROCESSING THE RENEWAL OF TRADE LICENSE – M/s ROYAL JOINERY – DUBAI BRANCH

With reference to the above-mentioned Subject, we, M/s Royal Joinery, do hereby confirm that the renewal process for our Company Trade License for **M/s Royal Joinery – Dubai Branch** is currently underway. We have already submitted all necessary documents to the relevant authorities and are closely following up to ensure the timely renewal of the license.

We kindly request your understanding during this process and assure you that we are taking all required steps to finalize the renewal as soon as possible. We assure you that there will be no disruption to our ongoing operations or commitments to the project as our Head Office and Factory are situated in Abu Dhabi with a valid Trade License under **M/s Royal Joinery Furniture and Décor – LLC - OPC**.

We hereby undertake that we will submit the copy of the renewed Trade License once available in compliance with the Project requirements.

This is for your kind information and records.

Thanks and Best Regards,
For Royal Joinery Furniture and Décor
