DUMB WAITERS

Express Elevators specializes in providing simple and cost-effective dumbwaiter lifts for residential use. Our dumbwaiter elevators are designed to efficiently transport lightweight freight, such as dishes in kitchens or books in multistory rack assemblies. Powered by small electric motors or drum-operated pulleys, these elevators have a capacity of approximately 250 kg. They are extensively used in homes for the transfer of goods and articles, offering convenience and practicality. In addition to standard sizes, Express Elevators offers customization options to meet the unique requirements of our clients. Choose Express Elevators for reliable and tailored dumbwaiter solutions that streamline household logistics effortlessly.

CHAIR LIFTS

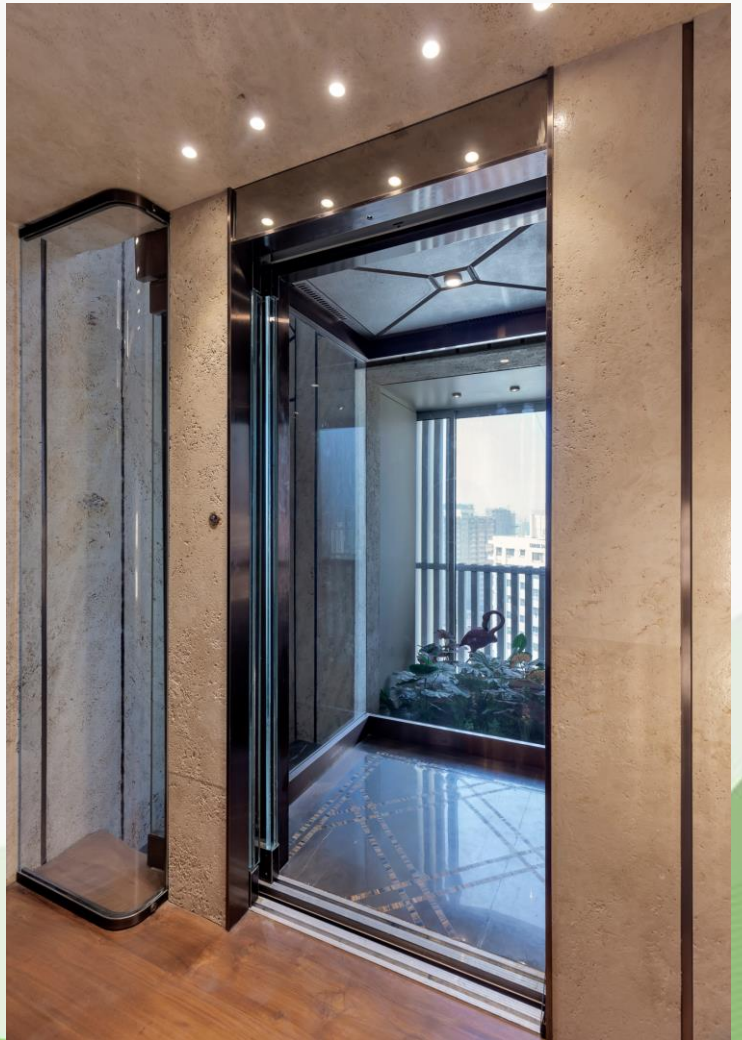

Does climbing stairs feel like climbing a mountain or is climbing stairs no longer possible for you? We understand you would like to live independently in your own home for as long as possible, but in a safe way. With the UP Stairlift, we offer you this independence and much more. For example, you can easily get on and off the chair with the automatically rotating seat and it is no longer necessary to bend over thanks to the automatically folding footrest. The UP Stairlift takes you safely up and down.

CAR LIFTS

Underground car parking lifts are gaining popularity as a modern parking solution for luxury villas. Our company offers outdoor versions with roof covers, allowing seamless transition of cars above while concealing platforms below ground. These car lifts serve dual purposes, transporting vehicles and people in buildings or homes with limited space for access ramps. They are particularly beneficial for maximizing parking capacity in constrained environments. Our exclusive car elevators for villas boast European design and craftsmanship, ensuring both functionality and aesthetics.
